SECTION 4. FIRST AID MEASURES

4.1. Description of first aid measures

Inhalation: When inhaled remove to fresh air. Seek medical aid when adverse effects maintain or when feeling unwell.

Contact with skin: Take off contaminated clothing. Wash skin thoroughly with soap and water, and than with a plenty of water. When an irritation persists get medical attention.

Contact with eyes: Flush eyes with plenty of water for a few minutes, remove contact lenses. Do not chafe eyes. When an irritation persists get medical attention.

Ingestion: Rinse mouth with water, do NOT induce vomiting. Get medical attention.

4.2. Most important symptoms and effects, both acute and delayed

Light laxative effect after ingestion. Skin and/or eye irritation or corrosion may appear.
